Stony Plain Town Council.

Following are the minutes of the meeting of the Town Council, held on the evening of Feb. 8th, the Mayor and Councillors John Armbruster, T. J. Hardwick, J. Miller and H. Oppertshausen being present.

The minutes of the previous regular and of the special meetings were read and confirmed.

Some discussion took place on the matter of changes being made at the Town Pound for the coming season, but action was deferred until the next meeting, when a report from the Pound Committee will be presented.

Council ordered the purchase of three coats, one axe, and ten pails for fire-fighting apparatus.

Several accounts were passed and ordered paid.

Mr. J. H. Lory was appointed a member of the Board of Health, in place of Mr. L. Wight, who declined to accept the position.

The Secretary was instructed to draft a Bylaw and submit it at the next meeting, preventing people from selling milk in town without having the cows tested for tuberculosis.

The meetings of Council are to be held on the first Thursday in each month, instead of the first Tuesday, as in previous years.

Agriculture and Economics.

Registrations for Short Courses in Agriculture and Economics, to be held in Edmonton the week of Mar. 13, must be made this week. There must be a minimum of 75 registrations. Prof. A. E. Ottewill, director of the Dept. of Extension, Alberta University, is in charge of the arrangements.

The Kindergarten Party.

On Tuesday afternoon of last week the Primary class at the Consolidated School enjoyed a Valentine party. The Primary room was prettily decorated with Cupids and hearts.

The class had been working hard preparing suitable recitations, and about fifteen little ones made their first attempt.

Suitable songs were sung and games played, after which the postman, Harold Outway, brought in the Valentine mail for distribution.

Miss Hartley, the popular teacher of the Primary room, awarded special prizes to three girls who recited poems learned in class work. A good supply of cakes and sandwiches was enjoyed thoroughly by those present.

Visitors are always welcome at these afternoons in the Primary room. Mothers of the children are specially asked to come and see what is being done in the classroom.

It is a big event when Johnnie recites his first poem.

Precautions Against Flu.

The Provincial Health Department has sent out circulars to Boards of Health through out the Province regarding precautions to be taken if an outbreak should occur. Thirteen thousand people are said to have died of the "flu" in England and Wales since Christmas. The disease is, however, said to be growing milder in type, and with the coming of spring the worst is believed to be passed.

LOCAL NEWS.

IT PAYS TO PAY CASH.

Mr and Mrs J. E. Ingle came down from Jasper on Sunday, for a visit with the former's mother.

Mrs. Lord returned Sunday from a three months' visit with friends at New Westminster, B.C.

Mr. Henry Oppertshausen Jr is confined to his house this week with a severe cold.

Mr. John P. Fuhr's two boys are convalescing, after an attack of pneumonia.

Mr. Joe Rivest, the popular barber, was laid up for over a week through illness, but is now back at the old stand.

Messrs Bruce Kerr and J. H. Meath, who came here from B. C. to look for land, returned home last week without having made a purchase.

Mr. Rudolf Brietkrietz is now the proud possessor of a Ford car.

Mr. Hall, an Edmonton cattle buyer, was through the district last week, buying cows, for shipment.

In Stony Plain, on Wednesday Feb. 15, 1922, to Mr. and Mrs. Mike Zucht, a daughter.

Lutheran services were held in the Town Hall on Sunday afternoon last.

The service on Sunday last in the Methodist Church was held at 12 Noon, owing to Rev F. E. Wilson having a special service in the evening at this Holborn appointment.

The Women's Institute will hold their card party this evening, Feb. 23rd.

Stony Plain Town Council meets on Thursday next, March the 2d.

A delightful time was spent on Friday night at the regular meeting of the Young People's Society held at the home of the Secretary, Miss Mabelle Clarke. Several interesting papers were read by the members, as also music. Lunch was served about 11, after which the members dispersed.

Prize Winners at Masquerade

The masquerade dance last week was so well patronized that one more dancer on the floor would have made it crowded. The music was fine, the lunch excellent, and a good time was enjoyed by all. Following is the list of the prize winners:

Miss Violet Bailey.

Miss Austin, as best dressed lady.

Mrs. Larson, coming the longest distance.

Mrs. Larson, the best sustained character.

Mrs. Stuart, best comic costume.

Miss M. Anderson, best home-made costume.

Mr. H. Ingrain, best dressed gent.

Mr. Ed Outway.

Mr. W. E. Halsworth.

Mr. D. M. Barker.

Mr. T. A. Bonser, as a Minister.

Tom Bushby, Chinaman.

The Saskatchewan Legislature

The Legislatures of the three Prairie Provinces meet in session, as a rule, about the same time each year, but while those of Alberta and Manitoba are still in session at the time of writing, Saskatchewan's law makers have completed their labors. At this time, to an even greater extent than is usually the case, members of the Legislative Assembly in all three Provinces are confronted with many of the same problems, and it will be a matter of some interest, therefore, to follow the course pursued by the several bodies in grappling with the difficulties which confront them in common.

Foremost among the problems which demanded attention at Regina, and which likewise call for consideration at Winnipeg and Edmonton, is that of finance. In other words, devising ways and means whereby a sufficient revenue can be raised to meet necessary expenditures, or, on the contrary, so reducing expenditures without seriously interfering with efficiency in administration and without neglecting the needs of the country, as to bring the Provincial budget within the total of revenue obtainable.

In the Prairie Provinces, Provincial Treasurers are badly handicapped when it comes to increasing revenues as the instruments for so doing that are available to them are few in number and limited in their operations. Unlike the other Provinces, the Prairie Provinces do not enjoy ownership and control of their natural resources, nor is there that accumulated wealth in this new country which is to be found in the older settled parts of Canada and which through succession duties and corporation taxes is made to yield a substantial Provincial revenue. Ontario, for example, is reported to have profited to the extent of \$4,500,000 from succession duties alone this year, whereas the amount so obtainable in Saskatchewan is a mere bagatelle.

It was natural, therefore, that the Saskatchewan Legislature should again and most vigorously voice a demand for the transfer of the natural resources of the Provinces to the local Government, and the sister Prairie Provinces can be depended upon to join in the demand. Such a transfer must soon be effected if a serious financial situation is not to become acute, and a still stronger feeling of irritation in the older Provinces develop because of a sense of the injustice now suffered by the West.

Nothing startling in the way of augmenting the revenue was considered in Saskatchewan; rather an attempt was forecasted of endeavoring to reduce expenditures to the lowest possible point consistent with efficiency and proper administration. The idea of imposing a Provincial income tax has not met with favor in Saskatchewan in view of the fact that it would mean a triple income tax, such taxes being already levied by the Dominion and city and town municipalities.

A second outstanding problem which demanded attention at Regina, and is also to the fore in the Provinces to the east and west, was the proper enforcement of the prohibitory liquor laws. Demands were made on the Government to abandon the present Saskatchewan Temperance Act and to revert to the policy of restricted sale of liquor by the Government itself. To all such demands the Government and Legislature turned a deaf ear, and the view prevailed and was overwhelmingly sustained that every effort should be put forth to give the Act a fair trial. The result was the passage of numerous amendments all designed to further strengthen the Act and close the loopholes through which the lawbreaker could escape and the bootlegger fleece his many and devious devices.

By resolution the Legislature reaffirmed its position on the Customs tariff by demanding a general lowering of duties on article of prime necessity to the agricultural producer. Unquestionably there was much force in the contention of D. H. McMahon of North Okanagan, that, inasmuch as the tariff is subject to Federal jurisdiction and control exclusively, the Legislature was going outside its domain in passing upon it, and in taking such a stand he occupied sound constitutional ground. However, the tariff is no longer a partisan question in Saskatchewan, but is now regarded purely as an economic issue. As such the present Saskatchewan Legislature, like its predecessors, felt that it should, as the only body entitled to speak for the whole Province, officially declare its views inasmuch as the tariff undoubtedly has a direct and profound effect on the agricultural prosperity of the Province. The declaration for tariff reduction was, therefore, dealt with in the same spirit and from the same economic point of view as the demand for lower freight rates. Entertained with promoting the welfare of the Province, the Legislature spoke the mind of the people on these questions.

Taken as a whole, the session was uneventful. An unusually large number of Bills were considered, but these, for the most part, were for the purpose of amending existing statutes as experience in their administration had demonstrated to be necessary. Unlike preceding sessions, there was no official organized and recognized Opposition party. Nevertheless, there was close watch maintained upon all Government legislation, constructive criticism offered, and the necessary and effective spur provided to keep the Government careful in its handling of public business.

German Dyes in China

The present low value of the mark is helping the German dye trade in China. The China section of the federation of British industries is protesting that the British dye trade is being shut out by the recovery of the German dye monopoly in China.

Healthy Liver Healthy Life

Your liver—healthy or clogged, active or sluggish—makes all the difference between a vigorous and cheerful life and low spirits and failure. To subdue a stubborn liver, overcome constipation, dizziness, indigestion, headache and the blues there is nothing on earth so good as Carter's Little Liver Pills. Purely vegetable.

Small Pill—Small Dose—Small Price

Special Train Touring Provinces

Child Welfare Nurse Accompanies Mixed Farming Special Train

A new feature has been added to the mixed farming special train now touring Alberta. The Public Health Department of the Alberta Government has sent a child welfare nurse of the department, to join the staff of lecturers on the train. This nurse will give lectures on child welfare work and will also examine any children presented to her with respect to general physical condition. She will be prepared to discuss any matters of health which may be suggested by the audience on the train. The special train has been meeting with wonderful success.

Minard's Liniment for Diarrhea

Canada Offers Advantages

Needs of Dominion for Increase in Population is Shown

* Sir Augustus M. Nanton, of Winnipeg, speaking at a Canadian gathering in London, said that one of Canada's greatest needs was an increase of population. He regretted there was so little mutual trading between Canada and the United Kingdom, Canadian products, he said, came to the British Isles in very meagre quantities.

The action of the United States in increasing her tariff against Canada, said Sir Augustus, rendered the time never more opportune for Great Britain to capture Canadian trade.

A suggestion that British manufacturers should establish themselves in Canada with branch plants from which to handle world trade was made by Sir Augustus. These plants would give some of Britain's unemployed population work in the healthiest climate, and this arrangement would to some extent lighten the drain on British coal.

It was an error, said the speaker, to think that immigration would take care of itself. He hoped that the governments of both countries would work together to prevent the foreign element in Canada increasing by an undue percentage.

Sir Augustus said Canada ought to have adequate representation in London, with the staff there properly housed.

When Your Appetite Fails This Is What You Need

When the very thought of eating makes you feel dizzy, when you're run down stomach in bad shape—you're real weak—when you're sick of Hamilton's Pills. They tone up the liver, assist the stomach and improve digestion. The taste becomes aware of new flavors in food you never noticed before. You'll look and feel a whole lot better. Write for a box of Hamilton's Pills. Many folks used this fine old remedy and nothing else and kept in the pink of condition at the time. 25c at all dealers, or The Catharticon Co., Montreal.

We shall have smiling friends as long as we keep a still and let our money do the talking for us.

STORMY WEATHER HARD ON BABY

The stormy, blustery weather which we have during February and March is extremely hard on children. Conditions make it necessary for the mother to keep them in the house. They are often confined to overheat, badly ventilated rooms and catch colds which rack their little system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep its stomach and bowels working regularly. This will not fail to break up colds and keep the health of the baby in good condition till the brighter days come along. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Our Comparative Prosperity

Duke of Devonshire Points to Absence of Poor Law in Canada

Presiding at a conference of poor law guardians in London, the Duke of Devonshire, former governor-general of Canada, pointed out that there was no established poor law, as such, anywhere in Canada. He advised Canadians never to allow such a condition to grow up in their country that would entail the institution of poor law administration.

The Duke said that a considerable proportion of the population in Canada owned their houses, and this contributed greatly to the welfare and prosperity of the Canadians.

Ice to Turn World

Top-Heavy Arctic to Cause Oceans to Spill

Top-heavy ice in the Arctic will let the top and topple over the world to such an extent the oceans will rush over the land and cause a flood which will make the inundation of Noah's time look like a brooklet, according to J. A. Launderville, Cleveland, Ohio, scientist. That threat is 300 years distant, thought, so it is nothing to write home about at this moment.

Unless worms be expelled from the system, no child can be healthy. Mother Graves' Worm Expeller is an excellent medicine to destroy worms.

Minard's Liniment for Colds, Etc.

The world's daily consumption of coal has been reckoned at 1,200,000 tons.

Soft corns are difficult to eradicate, but Holloway's Corn Remover will draw them out painlessly.

Sale of Bulls

The 22nd annual auction sale and show of pure-bred bulls will be held in Calgary on April 4, 5, 6, 7. The Alberta spring horse show will be held there at the same time.

What This Buffalo Physician Has Done For Humanity

The picture which appears here of Dr. Pierce of Buffalo, N. Y., was taken in 1910. As a young man Dr. Pierce practiced medicine in Pennsylvania and was known far and wide for his great success in alleviating disease. He early moved to Buffalo and put up in ready-to-use form, his Golden Medical Discovery, the well-known tonic for the blood. This strength-builder is found from a formula which Dr. Pierce found most effective in diseases of the blood. It contains no alcohol and is an extract of native roots with the ingredients plainly stated on the wrapper. Good red blood, vim, vigor and vitality are sure to follow its use. It is a safe, reliable tonic for the complex fresh and clear. This Discovery corrects the disordered conditions in a sick stomach, aids digestion, acts as a tonic and purifies the blood. Write Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., and receive confidential medical advice without charge. All druggists sell Discovery, tablets or liquid.

London claims to be the only city where typhoid fever has been abolished.

ECZEMA

Medical Examination of School Children.

As a preventive measure, the local School Board, at a recent meeting, decided that an examination of the throats of the school children would be beneficial in detecting any trouble that might be there, and preventing the spread of a contagious disease in the school.

On Thursday last, Acting Medical Health Officers Dr Jones came to the school and looked at the throats of the pupils, taking note of throat conditions, tonsils and teeth.

In all, 148 pupils were examined, and only 2 cases of sore throat noted. These were not alarming, as they did not show any diphtheria signs, but will be watched to see if anything develops.

Three of the pupils showed enlarged or infected tonsils, and these should be looked after, at once, by their parents.

The fact most noticeable was the number of children having defective teeth. Out of the total examined, 66 showed defective teeth; some showing an absolute lack of the application of a tooth brush.

Very few cases were found where a tooth brush was not owned by the pupil, but in many cases it was a souvenir and seldom used.

Defective teeth are regarded as the cause of many serious bodily diseases; among the most prominent being stomach troubles, toothache, rheumatism and bodily disorders.

Unfortunately, there is no local dental clinic, where the children could be looked after; and again no law to compel parents to send their children to a dentist.

Parents having children with defective teeth or tonsils have been notified and asked to look for this article in The Sun in order that they may see how things stand.

The teaching staff ask your

Edmonton Seed Fair.

At the Provincial Seed Fair in Edmonton last week, the A-P Grain Co.'s special prize for Marquis wheat went to D S Lougher, of Knee Hill Valley.

H B Smith, of Wolf Creek, took a prize for Registered Oats.

The U.G.G. Special for oats went to J W Biglands of Lacombe.

Jacob Strassburger, Stony Plain, took a prize for winter rye.

The P Burns Special for potatoes went to McLean & Johns, Camrose.

The potatoes were judged by W F Broadstock, Woodbend.

co-operation in attending to your child's teeth.

It is found that a child suffering from defective teeth, besides having bad breath, cannot possibly study and make progress as they should.

For the sake of the health of your boy or girl, have him or her visit a dentist at least every eight months; and every six months is much better.

The first need of every pupil is a healthy body, that he or she may get the most out of the school work and give intelligent interest in return for the teacher's efforts.

If any parent cannot afford to buy tooth-paste, use the tooth brush oftener with cold water and a liberal amount of salt.

Teeth should be brushed at least twice a day, morning and evening, and if possible after each meal. In any case, always brush them just before going to bed.

Often, parents will say: "O, a defective tooth does not matter; have it pulled out when necessary."

It is often beyond pulling when left alone, and many times has caused serious trouble before being looked after.

Another fact worthy of note is eye trouble among the pupils. Of all things, take care of the eyes, for a child who cannot see properly cannot learn as it should.

Perhaps, in the near future it may be possible to have regular medical examinations and establish a dental clinic for the sake of the child.

Parents, ask yourselves the question—Do I want my boy to have good eyes, good teeth, and because of these, good health? If so, give your child the attention due it in matters that vitally affect its health. With your help, the teachers can get better results and your boy or girl will have a body capable of standing the necessary strain of work.—(Contributed.)

Town Stable for Farm Horses

A number of farm-ers in the Irwinville district have collectively purchased a lot in the town of Ilay and plan immediately to build a barn, where they will stable their teams when in town. The proposed building will be a temporary one, but in the spring these interested intend putting up a permanent structure.

How Ye Shall Know Them.

For the benefit of those people who are interested in the modern flapper but are not always sure just which of our bobbed-haired, short-skirted females belong to the flapper class, says the Edmonton Journal; here are a few infallible marks of identification. A brilliantly colored silk fringed scarf, a one or two-piece jersey dress, with Peter Pan collar and cuffs, and a soft silk, felt or duvetyne sports hat is the usual uniform of that most disturbing young miss. In winter she wears a fur sports coat flying open in the breeze and in the spring she wears a light colored tweed or polo coat, but always the silk scarf.

Norris Government Wins Out Over Its New Land Policy

Winnipeg—So far from coming to grief over its new land policy, the Norris Government in the legislature won out with an ease that was not expected by even the most sanguine of supporters.

The Tablot amendment for special consideration for municipalities affected was thrown out by 37 to 6, and the Dixon amendment condemning the Government for its past policy of leniency in connection with contracts was defeated, 24 to 9.

The resolution proposed by Premier T. C. Norris provides for foreclosure on lands in the event of arrears of principal and interest not being paid within six months. The Premier had previously stated, however, that cancellation in six months for arrears of principal would be drastic action, and he again suggested that the resolution should be modified in such a way that it would apply to arrears of interest only and that required soldiers should be among those exempt.

Hon. H. T. Johnson, attorney-general, moved an amendment giving effect to these changes, and the debate was adjourned.

Baltic Closed By Ice

Steamers Held Fast With 27 Passengers on Board

Stockholm—The Baltic Sea has been converted into an isolated lake owing to the virtual closing of the Cattegat and the sound by ice. Five steamships, including the Thule from London, with 27 passengers, are held fast in the ice in a dangerous position off the Vinga Lighthouse.

London—The closing of the Baltic by the ice will not interfere with American relief activities in Russia, according to American administration headquarters here.

When Overtaken by Nausea Try This Simple Remedy

When you don't know whether it's going to stay down or come up, when you look like thirty cents, and feel even worse, what you need is twenty drops of Nerveine, in sweetened water. Almost like magic, is the change you experience. Those feelings of vomiting disappear. Thousands of homes rely on Nerveine in the case of sour stomach, gas bloating, nausea, and upset stomach conditions. Get it today, large 50c bottles sold at all dealers.

London—The number of animals slaughtered in Great Britain as a result of the outbreak of foot and mouth disease totals to date 13,000 cattle, 3,000 sheep and 6,000 hogs.

A WOMAN'S WORK IS NEVER DONE

It Seems So in Many Cases and Good Health is Always Necessary

Viscount, Saskatchewan—"I took Lydia E. Pinkham's Vegetable Compound for weakness of the female organs. I had pains in the back and bearing-down pains in the abdomen and was in a general run-down condition. I could not sleep, rest or work and was quite unfit to do even slight household tasks. A friend told me about your Vegetable Compound and I in my turn truly recommend it, as my severe symptoms vanished and I am better in every way. I do my own work, look after my garden and go to chickens, cows and my garden. I also recommend it for young girls who are run down, as my 16-year-old daughter has taken it and is quite her own self again."—Mrs. W. H. Kervin, Viscount, Saskatchewan.

I Live On A Farm

Upper New Horton, N. B.—"I have taken Lydia E. Pinkham's medicine and they have done me a world of good. Since then I have been able to do my housework and I have a lot of work to do as I live on a farm. Reading your advertisement in the papers was what made me think of writing to you. I hope this will help someone else."—Mrs. W. H. Kervin, Upper New Horton, New Brunswick.

W. N. U. 1498

Alberta Moderation League—Edmonton.—A delegation representing the Moderation League of Alberta met Premier Greenfield and members of the Alberta Cabinet to ask that the Government take into consideration the sale of seven per cent. beer by hotels and other places, and that the sale of hard liquor be placed under strict Government control.

He Gained Twenty Pounds in a Year

That's Why This Man Praises Dodd's Kidney Pills

Mr. Carl Boutellier of Mason's Point After Four Years Suffering Took the Advice of a Friend and Used Dodd's Kidney Pills. Mason's Point, Heart of St. Margaret's Bay, N.S.—(Special).—"When I started to use Dodd's Kidney Pills I was twenty-three years old and weighed 100 lbs. In one year I gained 20 lbs." This is the statement of Mr. Carl Boutellier, a well known and highly respected resident of this place. It is one more addition to the great mass of evidence that Dodd's Kidney Pills are the greatest of all kidney remedies.

"I was laid up for four years with kidney trouble," Mr. Boutellier states further: "One day a friend advised me to use Dodd's Kidney Pills and I made up my mind to give them a trial. I used just six boxes in all."

The road to health lies through the kidneys. If they are kept strong and well all the impurities are strained out of the blood. But if they are weak and out of order the impurities stay in the blood and disease is sure to result.

Ask your neighbors if Dodd's Kidney Pills do not make strong healthy kidneys.

Soil Drifting Problem

Wheat Growing Should Be Abandoned For Mixed Farming

Winnipeg—Until farmers in districts where soil drifting is prevalent will abandon wheat growing to the exclusion of mixed farming, the task of keeping drains open will be almost impossible, and as a means of forcing a change in methods farmers should be charged with the expense of such repair work. H. A. Bowman, head of the reclamation department of the Provincial Government, stated in a statement presented to the minister of public works.

The report points out that under these conditions it is impossible to carry on repair work with horses, and no machine to do it has been invented.

Mr. Bowman also recommends legislation to control the load which can be carried on gravelled roads by motor trucks.

For Return of Natural Resources

Planning Preliminaries for Appointment of Arbitration Board

Regina.—A dispatch to the Leader says that probabilities now point strongly to the appointment of a commission or arbitration board to make a full accounting as a preliminary to the return to the western provinces of their natural resources. The King Government readily concedes the equity of the western claims. The question, however, is one of terms. It will be necessary to value the lands which would be turned over and those which have been alienated and to ascertain what Federal administration has cost. Moreover, the subsidy question will come up for determination as to whether it should be continued to the full extent after the return of the resources. There are various other aspects of the case.

SEIGEL'S SYRUP

Is thousands of cases. It's the only Syrup that has proved effective in permanently relieving the most distressing cases of Cough, Whooping Cough, Sore Throat, and all kinds of lung troubles. It's the only Syrup that is so fast and so sure.

Persia to Have

Air Mail Service

Will Save Fourteen Days Between Cairo and Bagdad

Washington.—Mails from the U.S. via Cairo to Bagdad and points in Northern Persia hereafter will be transported by aircraft under agreement authorized by the U.S. post office department with British postal authorities. The new service will save 14 days or more between Cairo and Bagdad, the official announcement says, and the rate will be 15 cents an ounce additional expense to the postal rate.

Nervous Breakdown COULDN'T SLEEP NIGHTS

To those on the verge of a nervous breakdown the following symptoms present themselves; nervous headaches, a feeling of depression, listless, disturbed, restless and unrefreshing sleep, often troubled with frightful dreams, avoidance of crowded places, dread of being alone, horror of society, etc.

When the nerves become affected in this way the heart generally becomes affected too, and on the first signs of any weakness of the heart or nerves, flagging energy or physical breakdown do not wait until your case becomes hopeless, but get a remedy that will at once quieten the nerves, strengthen the heart and build up the entire system.

You will find in

HEART AND NERVE PILLS

Mrs. M. Damand, Young's Core Road, N.B., writes:—"I was bothered very much with my heart and nerves; a feeling of depression, listless, could not sleep at nights, and my appetite was all gone. I was on a nervous breakdown when a neighbor told me to try Milburn's Heart and Nerve Pills. This I did, and before I had the second box used I was better and would advise anyone who has nerve trouble to take them."

Price, 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Cattle Feed Scarce In North Dakota

Serious Condition in Southwestern Part of State

Fargo, N.D.—Fifty per cent. of the cattle in the drought-stricken counties of the southwestern part of North Dakota will die before spring if feed relief is not secured, according to advice received by the state agricultural college here.

County agents are considering a drive of cattle to the bad lands northward, where the range is better. A foot of snow on the ground, combined with entire lack of feed under the snow makes it almost impossible for cattle to exist. Efforts are under way to provide some means of relief.

Grain Growers Will Enter Political Field In Saskatchewan

Regina.—The following resolution on entry into provincial politics was passed by the Saskatchewan Grain Growers Association at their convention here:

"Whereas we hold it to be the duty of all citizens to interest themselves in all matters of government and to express themselves by the exercise of their franchise in elections; and whereas for effectual expression they must group themselves according to the principles and purposes they hold in common; and where as while facilities have been provided for expression of our common principles federally, no such provision has been made provincially; therefore, be it resolved that this convention favors taking the necessary steps to provide for the organization of the supporters of these principles and objects for provincial election purposes."

That the Parliament of Canada should immediately re-establish the Canada Wheat Board for the purpose of handling the 1922 crop of Canada and future crops until normal conditions again prevail, and that the board should be under the direction of the chairman and vice chairman of the original wheat board, was a further resolution which was virtually unanimously accepted by the delegates.

Shareholders Agree

To Absorption

Willing to Accept Offer of Bank of Montreal

Montreal.—The Bank of Montreal shareholders at a meeting here ratified the proposition placed before them by the board of directors to take over the Merchants' Bank of Canada. The meeting also sanctioned an increase in the capital stock of the Bank of Montreal of not more than 90,000 shares, as may be necessary to enable the exchange to be carried out according to the terms of the purchase.

The Merchants' Bank shareholders voted to accept the offer of the Bank of Montreal last Wednesday. The Merchants' Bank was compelled to seek a purchaser when its reserve was impaired by bad loans.

The Bank of Montreal will give one share of its stock for two of Merchants and \$10 a share for \$1,550,000. The deal requires only the sanction of the minister of finance to become complete.

Be fair to your local merchants. Ask to see his goods, and compare prices before sending your money to the mail order houses. You will find that it pays.

STONY PLAIN, ALBERTA.

YOU CAN GET 150 MORE
FOR A BUSHEL OF WHEAT

That Is What You Can Do Provided You Take Advantage of Our Offer

We have made arrangements with the E. H. Heath Co. Limited who publish the CANADIAN POWER FARMER whereby we are able to offer that farm magazine together with our own weekly at the one price for both papers.

The CANADIAN POWER FARMER is Western Canada's biggest farm monthly. It is now in its twentieth year which means that it is thoroughly established throughout the West. It deals with the mechanical side of the farm. Every issue is full of helpful hints and experiences on the operation of all kinds of farm machinery from a washing-machine to a tractor. Its editor has just completed a trip of several months over Western Canada in a motor car for the purpose of studying the mechanical needs of the farmers. He visited the farmers, lived with them and worked with them. The results of his trip will appear during the next twelve months.

This offer may be withdrawn at any time. Without doubt your intention is to renew for this weekly, then why not take advantage now. Your subscription to this weekly together with a year's subscription to THE CANADIAN POWER FARMER for the same price as this weekly alone. This is where you make \$1.50 on a bushel of wheat.

Mail your cheque or drop into our office the first time you are in town.

Cover up Unsightly Walls

All the cracks and discolored wall paper on old walls and ceilings can be quickly covered up with large durable panels of Beaver Board. You can do this work yourself and the best part of it is, you'll never have the job to do again. Once up Beaver Board is always there. Solid, firm, beautifully decorated walls and ceilings.

We have some very instructive literature that's yours for the asking.

ATLAS LUMBER CO., Stony Plain

Study in Winter: Work in Summer.

In a recent address before the convention of the Dairymen's association of eastern Canada, Hon. W. R. Motherwell, minister of agriculture, declared that it was a problem for parents how far to educate boys on the farm. He did not decry or discourage education, but he thought there was much to be said of the old system under which many of them grew up, when the boys were taught to work on the farm during the summer and went to school during the winter.

He certainly thought this was better than keeping boys at school until they lost any desire for farm work.

A Handy Calendar.

The W. M. Stewart Drug Co. is issuing calendars published by Rexall Drug Stores, that are among the best yet. On the face of the calendar are given, along with the figures, the phases of the moon and the weather forecasts, while on the back of each month are blanks for farm and household records—milk records, egg records, farm and household expenses, farm receipts, and some very useful information. The back card of the calendar is printed on both sides and contains a wealth of information—a blank form for making an inventory of your belongings, health and household hints, weight and measures, farm tables, first aid hints and many others. It also includes the regular information generally looked for on the first pages of the family almanac.

MRS. MINA RABER,
Aurora, Ill.

"A short time ago I was one of the most nervous and miserable persons on the earth, but thanks to Tanlac I'm well and happy now," said Mrs. Mina Raber, 446 Parnsworth Ave., Aurora, Ill.

"It was just about two years ago that I began to be distressed after every meal I had awful smothering spells at times and my heart beat so frequently that I often thought I wouldn't live through the attack. Headaches were the bane of my existence and I shudder even now when I think of them. My back hurt me, too, and it was just agony for me to bend over and straighten up again.

"Tanlac has done for me far more than I ever expected and I'm like a different person altogether. In fact, I'm in perfect health now. In my opinion, Tanlac is the best medicine under the sun."

Tanlac is sold by all good druggists.

Nice Nest Egg

Considerable Western Grain Still Held Over From Last Harvest

Western Canada still has a sixty-eight million dollar nest egg left over from the 1921 harvest, as the tally of grain stocks held by elevators west from the head of the lakes shows, in a recent analysis of the Board of Grain Commissioners. This takes no count of course of grain still held out by farmers, which is reaching shipping points very slowly. The approximate total value is \$68,032,252, in store at Port William and Port Arthur are 31,659,926 of all grains, an increase in the week of 106,816.

At one point in London buses pass at an average of 60 per hour at the busiest time.

WORLD HAPPENINGS BRIEFLY TOLD

Eight provincial prisons in Great Britain are being closed for reasons of economy.

Brass foundries in England are working overtime getting out "Put and Take" rambling to meet the demand. Two million new tops a week are produced, many for export.

Mohandas K. Gandhi, leader of the non-co-operationists, has temporarily abandoned his previously announced policy of carrying out a programme of civil disobedience.

A party of Canadian manufacturers and their wives have left Toronto for the West Indies to enquire into the prospects for the improvement of trade between Canada and the islands.

Importation of livestock from the United Kingdom has been prohibited by the Department of Agriculture of the Union of South Africa, owing to the prevalence of the foot and mouth disease there.

A Powerful Medicine.—The healing properties in six essential oils are concentrated in every bottle of Dr. Thomas' Electric Oil, forming one of the most beneficial liniments ever offered to the use of man. Many can testify as to its power in allaying pain, and many more can certify that they owe their health to it. Its wonderful power is not expressed by the small price at which it sells.

An aeroplane of a new type is claimed to be able to travel at 184 miles an hour.

Many children die from the assaults of worms, and the first care of mothers should be to see that their infants are free from these pests. A vermifuge that can be depended on is Miller's Worm Powders. They will not only expel worms from the system, but act as a health-giving medicine and a remedy for many of the ailments that beset infants, enfeebling them and endangering their lives.

N.B. Potatoes For Cuba

Two thousand barrels of New Brunswick potatoes recently arrived in Cuba from St. John. An additional eight thousand barrels have left for the same destination.

"COLD IN THE HEAD"

Is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will both cure the system and render them less liable to colds. Relieved attacks of Acute Catarrh may lead to Chronic Catarrh.

HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surface of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions.

Keep Sloan's handy and apply freely, without rubbing, at the first twinge. It eases and brings comfort surely and readily. You'll find it clean and non-irritating.

Sloan's Liniment is pain's enemy. Ask your neighbor.

At all druggists—35c, 70c, \$1.40.

Sloan's Liniment (Pain's enemy)

Cuba Size of Pennsylvania
The area of Cuba is about equal to that of the State of Pennsylvania.

TREAT RHEUMATISM THROUGH THE BLOOD

Liniments and Rubbing Only Give Temporary Relief

Rheumatism is a trouble extremely difficult to get rid of. If a tendency to rheumatism is established in the system it makes itself manifest by a return of the acute pains with every spell of bad weather. This is why so many people think the trouble is due to cold or damp. The fact is known, however, to medical men, that with the appearance of rheumatism there is a rapid thinning of the blood, and that the rheumatic poisons are only expelled from the system when the blood is restored to its normal condition. This means that to drive rheumatism from the system it must be treated through the blood, and for this purpose Dr. Williams' Pink Pills have been very successful, as they build up and enrich the blood, thus easing the aching, swollen joints, and benefitting the health of the sufferer in other ways as well. Among the rheumatic sufferers who have successfully used this medicine is Mrs. James Gillan, Charlottetown, P.E.I., who says: "For three long months I suffered terribly from rheumatism. I was so bad that I could not do my housework and even to attempt to walk caused me agony. I spent a great deal of money on liniments and medicines without gaining the least benefit, and my condition was pitiable. At this stage my attention was called to Dr. Williams' Pink Pills, and I began taking this medicine, and shall always praise the day I did so. Before long there was no doubt that I had at last found something that would give me relief. I gladly continued using the pills with the result that I am now as well as ever I was able to do my housework and care for my children. Since that time one of my daughters fell into an anæmic condition and was obliged to discontinue going to school. I gave her Dr. Williams' Pink Pills, and now she is as healthy a girl as there is in the city. You may be sure I lose no opportunity in praising this medicine."

Dr. Williams' Pink Pills can be had through any druggist or sent by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medical Co., Brockville, Ont.

A good reader takes in 12 or 13 letters at one glance.

Dainty Chiffon Evening Frock

By Marie Belmont

Beaded chiffon dance dresses are strongly sponsored in Paris, and very youthful, airy affairs they are, with the beads applied in cunning little loops.

Of all white chiffon with crystal bead loops, the above frock is essentially created for the spring dance. The bodice is built on straight lines, with the beads extending halfway down. The soft crusted grille is finished with little bead loops, and from it at either side chiffon drops down below the hem line and extends up again to the grille.

An infinite variety of color is offered in beaded chiffon frocks. The inspiration above is repeated in coral, citron green and lemon yellow.

Mother, Quick! Give California Fig Syrup For Child's Bowels

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour life and waste from the tender, little bowels and gives you a well, playful child again. Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

British Columbia Lands For Sale

Reserved Crown Lands to be Sold for Agriculture at Reasonable Price

It is announced that the terms upon which reserved crown lands will be sold for agricultural purposes in British Columbia are a price of \$5.00 per acre for first-class arable land and \$2.50 per acre for second-class grazing land, the minimum area to be sold under such an agreement to one purchaser being forty acres and the maximum 640 acres. In addition to the above prices there is a charge of a fee of fifty cents per acre for survey in the case of surveyed lands and in the case of unsurveyed lands purchasers are required to have survey made by their own expense within six months of their application being accepted.

Conquers Asthma. To be relieved from the terrible suffocating due to asthma is a great thing, but to be safeguarded for the future is even greater. Not only does Dr. J. D. Kellogg's Asthma Remedy bring prompt relief, but it introduces a new era of life for the afflicted. Systematic inhaling of smoke or fumes from the remedy prevent re-attacks.

Cannot Discuss Gandhi's Demands. The India office issued an official communication, stating that it was the intention of the government to adopt stern measures to suppress the campaign of civil disobedience in India. It adds that no government could discuss the demands contained in the recent manifesto of Mahatma K. Gandhi, the India Nationalist leader.

W. N. U. 1408

He beat the train to the crossing a good many times

"It's never touched me yet," he explained when they pointed out the risks.

That's the answer a good many people make when they hear that the drug element in tea and coffee often harms nerves and health. They say it's never touched them yet.

Sometimes they only think it hasn't.

Wakeful nights, drowsy days, headaches that keep coming more frequently—often are blamed on bad luck when the blame belongs on bad

judgment in taking needless chances with harm.

Over on the safe side is Postum, a pure cereal beverage, delicious and satisfying—containing nothing that can harm nerves or digestion. Thousands who used to try their luck with tea or coffee are enthusiastic over having found safety and satisfaction in Postum.

It's worth your while to make the test with Postum for ten days. Postum is a delightful drink for any member of the family, at any meal.

Your grocer has both forms of Postum: Instant Postum (in tiny) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

Stony Plain and District

In Edmonton, on Saturday, February 18, Miss Sophia Klapper, daughter of Mr and Mrs Alois Klapper, was united in marriage to Mr Louis Heichen, all of Stony Plain District.

Rehearsals are continuing for the theatrical event of the season, "The Minister's Bride," which will be produced at Ducholke's Hall on the evening of Tuesday Feb. 28, by local talent. Refreshments will be served at the close of the show. This show should draw a big crowd.

The Mike Gammel family, which lives eight miles north, has been quarantined for scarlet fever.

The case of the family in Golden Spike District suspected of breaking dip heria quarantine was investigated by the police, and everything found O K.

Sheriff Rae held a sale on N E 19-51-27-4 last week, of four stacks of oats, two stacks of wheat and a walking plow.

When tenders were opened by the Soldiers' Settlement Board, for the purchase of N. W. 24-53-1 W5, the premises farmed last season by Denny Masenko, it was found that the offers made were all too low. A local farmer, who holds a \$1900 equity in the place, is making an effort to purchase the place.

Mr. R.E. Wood paid 11½ for hogs today.

Oysters at Zucht's Butcher Shop.

Saturday's U. F. Meeting.

A good meeting of the U F A Local, was held on Saturday last, with Moody Washburn presiding. It was decided to postpone the date of the proposed box social to some future time. Assembly man Washburn gave a good account of the recent proceedings in the Legislature, which proved very interesting. Arrangements were made to have Mrs. Punkie, well known here in connection with recent political campaigns, to hold a series of meetings in this district, starting with one in—

Stony Plain	March 14

Spruce Grove	March 16
Holborn	March 17
Graminia	March 18

Potato Growers' Convention.

The Potato Growers' Annual Convention and Short Course will be held at the Alberta University, starting Tuesday next, February 28, and continue for four days.

Invitations have been sent to potato growers in all parts of the province, and it is expected there will be a large attendance from this district.

Questions pertaining to the potato plant and tuber, effects and control of disease, cultural methods, co-operative experimental work and grading and marketing of potatoes will be discussed by men who have made special study of these matters.

Of special interest will be the co-operative experiment, to be conducted on a number of farms to determine suitability of variety and the effects of different methods of cultivation.

Sessions will be in the afternoon only, from 1.30 to 5, each day of the Convention.

THE L. FREIFELD DEPARTMENTAL STORE

Wish to announce the arrival of a new shipment of Dry Goods, consisting of Lovely Prints, Gingham, Suitings, and several other Seasonal Lines.

Our Footwear Department is also well assorted, to meet the demand for the coming Spring.

And as to the prices, we feel confident that our patrons will find them most moderate.

We received a New Shipment of Up-to-date House Dresses. Before sending away your money see Our Goods and Prices.
